JAMES H. THOMPSON NOT OPPOSED FOR REPRESENTATIVE

The withdrawal of Mr. N. A. Moore, of Paris, Republican nominee for Representative, leaves Mr. James H. Thompson, Bourbon's Democratic nominee, unopposed in his race. This means that Frankfort will be the temporary abiding place for Mr. Thompson during the next session of the Legislature.

To make assurance doubly sure Mr. Moore called on County Clerk Pearce Paton, Saturday, and officially notified him to have his name stricken from the ballot now in the hands of the printers. This removes the official barrier in Mr. Thompson's candidacy and means his election in November.

With Mr. Thompson occupying the seat in the Legislative halls that has been filled by many able men representing different walks of life, the interests of Bourbon county people will be in excellent hands, and their confidence in him will be justified.

FRED BASSETT TELLS ONE ON CYNTHIANA.

The Maysville Daily Ledger has the following "joke" perpetrated by Fred Bassett, popular and well-known traveling man and entertainer:

"Fred W. Bassett, representing the Power Grocery Company, of Paris, Ky., a hustling salesman came 'clean from Cynthiana here to-day.' He said at Cynthiana a dentist pulled a tooth for a gentleman, and after the 'operation' gave him a good, stiff drink of 'Old Bourbon.' The gentleman happened to mention it down the street, and in less than a half hour, sixty-five men were up to get a tooth pulled, and it took the entire Cynthiana police force to hold the crowd which proved very difficult for one man. It seems that Bassett hasn't a tooth left in his head."

ADMINISTRATORS APPOINTED

In the County Court Judge George Batterton appointed James Webb as administrator of the estate of John W. Webb, who was electrocuted in this city recently while handling a live wire. Webb gave bond in the sum of \$3,000, with the United States Fidelity & Guarantee Company as sureties.

At the same time the Court appointed Mr. Wade H. Whitley as administrator of the estate of Nancy J. Marshall, Mr. Whitley furnishing bond in the sum of \$1,000, with Robert C. Talbott as surety.

INTERESTING OIL NOTES

Judge Chas. A. McMillan, of Paris, president of the Unity Oil Co., received a message from the superintendent in Allen county fields, stating that they had brought in a good well on their lease, with prospects of making from seventy-five to one hundred barrels daily.

Information was received here yesterday by officials of the Parboken Oil Co., to the effect that well No. 6, on their Kincaid lease in Lee county, had been drilled in, and was good for thirty to forty barrels daily. The Parboken now has six wells pumping on their lease.

Mr. C. L. Bell, president of the Bourbon Oil & Development Co., while in Breathitt county the past week, purchased for the Mutual Oil & Refining Co., of Paris, 1,005 acres of very promising oil leases directly in line with the extension of the Linehaw Creek oil fields. Geological reports on this field have been very favorable. The company expects to start operations on this property at an early date. Producing wells have been obtained on the east, west and south of this acreage.

PARIS DEFEATS MT. STERLING FOOTBALL TEAM.

In the game of football played on Friday night, near the city limits of Wright Field, between the Paris and Mt. Sterling High School teams, the former were victors by a score of 69 to 0. The game was featured by the all-round playing of the Paris team. Roberts made a fifty-yard run for a touchdown, McClintock displayed fine form in line-plunging tactics, Rice, Tucker and Jacoby worked like veterans in the game and Shively was up to requirements in his work. The teams lined up as follows:

Paris—Jacoby, l. e., Taul, l. t., Shively, l. g., Baldwin, c., Welsh, r. g., Arnsperger, r. t., Rice, r. e., Roberts, q., McClintock, r. h., Tucker, i. h., Denton, f.

ISAAC S. ALEXANDER KILLED IN AUTOMOBILE ACCIDENT

Isaac S. Alexander, aged about sixty-five, was struck by an automobile in front of the Bourbon County Y. M. C. A. building about 8:30 o'clock, Saturday night, sustaining injuries which resulted in death a few moments later. From the testimony of eye-witnesses it seems to have been an unavoidable affair.

Mr. Alexander had just left his home, and was walking along Main street, and coming to a point in front of the Y. M. C. A. was endeavoring to cross the street. A big truck was sitting on the side of the street from which he started and as Mr. Alexander, who had a habit of walking with his head hung down, as if in deep study, emerged from the rear of the big machine, he was struck by an automobile, driven by Stanley Dickson, of North Middletown, who, in company with several young ladies of that vicinity, was returning from Lexington. Neither the driver of the machine or the victim of the accident was aware of the other's presence. Mr. Dickson's machine had just turned into Main street from Tenth, and he was not aware of Mr. Alexander's presence until he felt the impact of the body against the radiator. He was driving a slow rate of speed, according to witnesses.

As soon as possible Mr. Dickson got out of his car, and with the help of others, had the unfortunate man carried to his home, at the corner of Main and Ninth streets. Dr. J. M. Williams was summoned, but before the physician arrived Mr. Alexander had breathed his last. An examination showed he had sustained a broken neck, all his ribs and both arms were broken, and he was also bruised about the body.

There was hardly a better-known man in Paris than the victim of this accident. He was born and raised in this city, receiving his education in the schools of his day. He was a graduate of the Edgar Military Institute, at that time one of the leading educational institutions of Paris. He had a wonderful memory and was one of the best-read men in the county, being especially well versed in both modern and ancient history. He was well-informed on all matters of public interest and took an especial interest in the doing of the deliberative bodies, the legislature of the State and the Congress of the United States. He was a veteran of the Spanish-American war, having been color-bearer in Company I, of the Second Kentucky Regiment, recruited largely from Bourbon county.

Mr. Alexander was a son of the late Mr. William W. Alexander, one of the brightest legal minds of his day in the county, and was a grand-nephew of Jefferson Davis, president of the Southern Confederacy. His parents, and two brothers, William and Jack Alexander, preceded him to the grave several years ago. He is survived by two brothers, Hugo and Richard Alexander, and one sister, Mrs. Lucy Alexander Anderson, all of Paris, making his home with the latter.

The funeral was held at 2:30 o'clock, yesterday afternoon, with services conducted at the grave in the Paris Cemetery by Rev. W. E. Ellis, pastor of the Paris Christian church. The pall-bearers were: Honorary—John Hildreth, Jos. W. Davis, Judge H. Clay Howard, J. A. Morrison, John Roseberry, Dr. J. T. Vansant, E. M. Dickson, James G. Metcalfe, Judge Denis Dundon and Charlton Clay. Active—Dr. Wm. Kenney, George M. Hill, James McClure, Harry Baldwin, H. H. Hancock and Buckner Woodford.

Coroner Rudolph Davis held an investigation at the court house yesterday morning at ten o'clock. Eye-witnesses who were examined gave the facts as above stated. After hearing the testimony the jury, composed of N. Ford Brent, foreman; R. M. Johnson, Catesby Spears, Lee Price, F. P. Lowry and A. B. Hancock, returned the following verdict: "We, the jury, find that Isaac Alexander came to his death on the night of Saturday, October 11, 1919, by being struck and run over by an automobile driven by Stanley Dickson. From the evidence before us we find that Mr. Dickson was entirely blameless for the accident."

ROYAL SCOTCH HIGHLANDERS GIVE ENJOYABLE CONCERT

The Paris Grand Opera House was packed to the limit Sunday afternoon, with an audience which listened delightedly to a two-hour concert rendered by the Royal Scotch Highlanders Band. Through the generous impulses that actuated Mr. J. M. Caldwell, one of the county's biggest-hearted men, the appearance of the band here, was made possible. This organization has just closed a successful engagement at the Lexington trots. The program rendered was a varied one, the especial features being xylophone solos, cornet solos, vocal solos, and selections from the classic and popular music that won long and continued applause from the audience, and necessitated repeated encores.

The presence of the band here was the occasion for a demonstration in favor of the Health and Welfare League, which a free will offering was made by the audience totaling \$1,100. The contributions came in sums of \$1.00 to \$10, and came in droves. Mr. John T. Collins officiated as master of ceremonies, with Mr. Withers Davis and Mr. Buckner Woodford tellers. It had been the intention to take up the free will offering for the benefit of the Red Cross, but as Bourbon county's quota for the drive had already been paid the offering was diverted to the use of the Health and Welfare League.

"STEP LIVELY."

"Step Lively," a new musical comedy production, comes to the Opera House with its exceptional cast, its whirl of pretty girls, enchanting music and brilliant costumes. This musical comedy success comes here with the substantial indorsement of the press and public of the leading cities where it has been presented. "Step Lively" it is promised will be locally presented with every minute detail of science and costume display that it obtained during its long run at the La Salle Theatre, Chicago. The big company numbers thirty-five people and will be headed by those two well-known comedians, Billy Gross and Alex Vincent. "Step Lively" is brimful of spectacular features, ringing melody, beautiful women, spirited comedy and its two acts take the audience in bewildering fancy to all the current theatrical events of the hour. The program announces twenty-two big features of surprise. The cast also includes Miss Mary Buschman, Edna Brooks, Constance Williams, Morgan sisters, Loomis and Ward, Florence Clements, Jackie Winters, Nellie Hart, Dolly Buschman, Betty Steele, Rear Cook, Agnes Little, Flo Mason, Jane Hubert, Bob Adams, Charles Porter, Rose Eastwood, Clara, Jenney, Margereta King, Nadene Otis, Lucille Taylor. In addition to the principals there is a chorus of Broadway beauties, who, besides merely adding to the pictorial embellishments of the musical comedy can really sing and dance.

PARIS COUNCIL PROCEEDINGS.

At the recent meeting of the Paris City Council the report of the committee investigating the condition and management of the Massie Memorial Hospital, in this city, was filed, but not read. On motion to refer the matter to the Hospital Commissioners the vote stood three to three, the vote of Mayor January deciding the matter in the negative. It was later decided to have the report read at a special meeting of the Council, to be held Thursday night, October 16. The Hospital Board was notified to be present. The report contains 318 typewritten pages.

The ordinance for laying certain concrete pavements on North and South Clifton Avenues, in Paris, was given its first reading. Permit and license to conduct a hot lunch stand on Main street was refused Clarence Sprake. Bond of Charles W. Fithian for \$10,000 as treasurer of the Massie Memorial Hospital, was approved. Mr. N. Ford Brent was reappointed a commissioner of the Massie Memorial Hospital. L. W. Johnson addressed a communication to the Council, which was read, asking that the improvement of Main street not be begun at once, as he would be in accordance with the provisions of his bond.

The following building permits were granted: R. L. Wilson, silo and barn, East Paris, probable cost \$2,000; A. T. Wright, garage, Pleasant street, cost \$150; L. D. Harris, garage, Walker avenue, cost \$500; John Merringer, garage, Main street, cost \$400.

MT. STERLING PAPER COMPLIMENTS OUR CANDIDATE.

The following editorial comment appeared in the last issue of the Mt. Sterling Sentinel-Democrat regarding the withdrawal of Mr. N. A. Moore from the race for Representative from Bourbon county:

"Mr. N. A. Moore, his Republican opponent, having withdrawn, our good friend, James H. Thompson, will be elected without opposition to the Legislature from the county of Bourbon."

"Mr. Thompson is a scholarly gentleman of exemplary character and high ideals; a practical farmer and a student of the whole question of taxation from an economic, scientific and equitable standpoint has few equals in the State. As he belongs to no faction and is not lacking in independence and force, why would he not make an admirable speaker?"

SAFETY FIRST DRIVE ON THE LOUISVILLE & NASHVILLE.

The following communication is sent THE NEWS through Superintendent J. A. Morrison and General Agent W. V. Shaw, of the L. & N. In view of the importance of such a worthy movement to the public, in general and the employees of railroads in particular, the publication is very timely. The communication follows:

"Plans are rounding into shape for the greatest 'safety' movement ever undertaken—the National Railroad Accident Prevention Drive—to be staged during the last two weeks of October by all railroads throughout the country under government control. C. M. Anderson, Regional Supervisor of Safety, has announced that the roads of the South were well advanced in their preparations for participating in the drive, with full determination to stand at the top of the list of safe railroads when the record is made up."

"Experience has proved that the majority of railroad accidents are avoidable; that a large part of the enormous toll of killed and injured reported every year is due not to the unavoidable catastrophes which attract public attention, but to the little lapses from caution which cause deaths or injuries here and there every day in the year. Education and constant training reduces the number of lapses, big and little, and the preaching of 'safety' during the past few years has saved many a life and limb."

"One of the first steps toward preparing railroad employees of the South for the part they are to play will be the posting of an October calendar with the dates 18th to 31st in red in all stations, offices, tool houses, shops, cabooses and other places where they will attract attention. Industries along railroad lines will be asked to co-operate, especially in the way of removing unnecessary hazards and warning their own employees of the danger ever present on railroad tracks. Owners and drivers of automobiles also are to be called upon to help. Just before the drive begins, cards will be distributed among all who can be reached, urging them to be particularly careful in approaching grade crossings. In fact, the aid of the public generally is wanted."

NEW AUTO OWNERS.

The Goodwin-Field Motor Co., of Lexington, reports the sale of a Dodge Bros. car, to the Bourbon Garage & Supply Co., of Paris. The Paris Garage sold and delivered to Charles Plummer an Oakland touring car, and to Wm. F. Saunders, of Millersburg, a Scripps-Booth roadster.

The Calf Parade.

It would not be exactly safe for
the Prodigal Son to stroll through
Main street in Paris, Ky., on one of
these bright October afternoons, for
the display of calves that would
lead him to renounce his good reso-
lutions to return home and take a
chance on the sort of calf which
would be sacrificed in his honor.

The calf display is not confined to
misses and young women of a "cer-
tain age," for even staid matrons are
seen in the parade wearing skirts
which seem to associate with their
shoe tops. All ages have succumb-
ed to the lure of the shiny and dia-
phanous silk stocking which is in-
dispensable if one wants to be regard-
ed favorably in the review. Demure
young women who used to tuck their
skirts carefully about their feet
when they sat down in a street car
now poke them under the next seat
in order that none of the effect be
lost. Young girls, standing with
hesitant feet where the long
skirt can't be distinguished from the

short one of childhood, find it im-
possible to figure out just when their
day of emancipation will arrive,
and, to tell the truth, they are not
worrying about it. Old ladies, som-
ber-faced and white of hair, wel-
come the short skirt, for, whether
anyone else believes it or not, they
cajole themselves into the comfort-
ing delusion that the new style
takes away years from their appear-
ance.

And, mayhap, this is true. At
any rate, the short skirt is sanitary.
It gives the ankles air and it does
not stir up a cloud of germ-laden
dust as the parade goes by. It gives
the girl with plump calves an oppor-
tunity to display her charms with-
out being called brazen or immod-
est. Whatever is sanctioned by fash-
ion is right, according to the femi-
nine viewpoint. So, when the vogue
of the short skirt has passed away
and trains are stylish again these
same women will be very careful not
to allow a glimpse of their feet as
they stroll down Main street (in
Paris, Ky.) Then the woman who
would dare appear in a skirt of the
present period would be ostracized
by her discreet sisters, and the Pro-
digal Son would go back home and
take a chance on what the family
had prepared in his honor.

Something Has Gone!

Something has gone from the
earth that was here only a few days
ago—something intangible, but very
real, nevertheless. Something that
we scarcely thought about, but
something now that it is gone we
look for in vain and sigh because it
is not. Summer has departed. The
skies are as blue and the fields are
as green. But there is a new tang
in the morning air, and a haze
hangs in the fields towards evening
that speaks most eloquently of ap-
proaching autumn. Something has
gone, but something new is here,
and we turn from our pleasure-
seeking, our vacationizing in far
places to face with zest the work
from which we shrank when the
spell of summer was full upon us,
and the lure of the open was not to
be denied. Summer has its joys, no
doubt, but autumn is delightful, and
even winter is not without its
charms, and variety is the spice of
life!

And Now It's Combs.

Lovely woman is given always to
some form of "midsummer mad-
ness." Sometimes it is "peek-a-
boo" waisits, at others it is the
slashed skirts, and now, we are told
by the advance fashion notes (yes
we read them—all men do, although
they will tell you that they do not)
it is to be combs—Spanish combs
via Mexico. Just as though enough
trouble had not come out of Mexico
already.

The combs, we are told, are "of
tortoise shell, spangled with jewels,
and raised from the back of the head
like a rampart to a tremendous
height." They form a sort of back-
ground for the wearer's face, and
are described as "decidedly smart
looking." They are supposed to
arouse in the minds of the knowing
visions of old Spain, fandangoes,
castanets, guitars, latticed windows,
and, we suppose, the legendary
castle.

But it is not so much with looks as
with the effect that we are interest-
ed. We wonder if it will be neces-
sary to pass an ordinance regulating
the height of the comb that may be
worn in the Paris Grand and The
Alamo, and if the time is fast ap-
proaching when the movie feature
will be preceded by a flash on the
screen of "Ladies Will Kindly Re-
move Their Combs!"

INDEPENDENTS FOR BLACK

William C. Shinnick, one of the
ablest of the younger news writers
of Kentucky, who has been following
Edwin P. Morrow on his speaking
itinerary says that after talking with
the voters in the different towns he
has visited, that he is convinced that
the independent voters are for Gov-
ernor Black. Mr. Shinnick says that
Governor Black will get every Demo-
cratic vote, as he has found no dis-
affection anywhere. With the large
and respectable body of independents
who hold the interests of the State
above any party for him, it would
seem that Governor Black has his
election clinched.

Democrats, however, should take
nothing for granted. There is no
earthly reason why any Kentucky
Democrat should vote for a man like
Ed. Morrow against such a man as
Governor Black. There is, on the
other hand, every reason why Gov-
ernor Black should get every Demo-
cratic vote in the State. In the
event of a vacancy in the United
States Senate from Kentucky the
Governor elected November 4th will
have the appointing power. If that
Governor is Black the Senator ap-
pointed will be a Democrat, who will
uphold the President in his great
welfare work for all the world. If by
any calamity it should be Morrow
who appoints a Senator to fill a va-
cancy, on to vote and work with the Pen-
rose-Lodge-Borah-Johnson obstruc-
tionists to do all they can to em-
barrass and harass the President
solely for political effect.

Let every Democrat in Kentucky
get to the polls November 4th and
cast his vote for a man of clean
character, high integrity and noble
purpose, whose sole ambition is to
serve his people well as Governor.

More than 16,000 members of the
Brotherhood of Railway Trainmen
will receive special medals for war
work.

The Broadway Beauty Chorus With Step Lively, at the Grand Opera
House, Thursday, October 16th.

GOVERNOR BLACK A WINNER

Governor James D. Black is mak-
ing votes wherever he is appearing
in Kentucky. The Governor knows
the people of his State, understands
them, sympathizes with them in their
struggles—for none of them has had
a harder struggle with poverty than
himself—and withal will make Ken-
tucky one of the best Governors she
ever has had. State Chairman Tom
Rhea informs us that if the Demo-
crats come out and vote Governor
Black will have the largest majority
ever given any Democratic candidate
for Governor. He also gives warn-
ing, however, against over-confidence
or reports of Republican dissension.
While the personality of their candi-
dates, it is true, does not appeal to
many high-class, loyal Republicans,
it is and always has been a fact that
the Republicans of Kentucky vote
their party ticket, regardless of the
candidates or how they became candi-
dates. Mr. Morrow, they feel, is
entitled to their support, having been
duly branded "o. k." by Mr. Hert's
personally-conducted Lexington con-
vention, and for that reason they
will support him. There is little
doubt that Governor Black will re-
ceive the united support of the Dem-
ocrats and independents and that he
will snow Mr. Morrow under. The
revelations in regard to the prices
charged Kentuckians by the Ballard
flour mills at Louisville will not help
the Republicans in their attempt to
enlist Democratic sympathy. Mr.
Ballard, the Republican candidate for
Lieutenant Governor, charges the
people of his own city and State
\$1.10 a barrel more for flour than
he charges the consumers of New
Orleans, and he admits it.

The early Britons were expert in

CHAMBERLAIN'S COUGH REM-
EDY.

This remedy is intended especially
for coughs, colds, croup and whoop-
ing cough. From a small beginning
its sale and use has extended to all
parts of the United States and to
many foreign countries. This alone
is enough to convince one that it is
a medicine of more than ordinary
merit. Give it a trial and you will
find this to be the case. (oct-adv)

Well-Preserved Stakes.

Some of the piles in use in Amster-
dam are three to four hundred years
old. That part which is not in the
ground in salt water is often bored
by a pile worm near the surface, but
is preserved by driving in nails with
very large heads, so as to give the
pile an iron coating. This coating is
then transformed by the water into a
layer of rust, which protects the wood
from the pile worm. This process
must be repeated every fifteen years.

bath for treating certain ills is the
idea of a New York inventor.

CZAR'S MURDERERS TO BE TRIED SOON.

PARIS, FRANCE, Oct. 13.—The trial of 163 men and women charged with complicity or participation in the murder of Czar Nicholas and his family will open, at Omsk, Siberia, within a fortnight, it was learned Monday night. They were arrested when Admiral Kolchak's army took Ekaterinburg.

Most of the bodies of the murdered Romanoffs were found by Kolchak's Investigating Committees at Ekaterinburg, with the exception of those of the Czar and Czarina. The bodies of the Czar and Czarina, it has been authoritatively learned, were cut up and burned.

A common tomb was found containing the bodies of the murdered children of the former imperial couple. The discovery was made through the favorite bloodhound of the youngest Grand Duchess. After the murder the dog refused to follow any one. He camped over the tomb, howling and eating just enough to keep from dying.

REMOLD NEW WORLD TASK FOR NATIONS

MUST BE DONE WITH ALL PEOPLE "ON THEIR NERVES," DECLARES DR. J. R. MOTT.

TALKS TO STATE Y. M. C. A.

Plastic From War's Blasts All the Nations Can Be Shaped to New Ideals.

After an absence of twenty years, Dr. John R. Mott, of New York, the General Secretary of the International Committee of the Y. M. C. A., was the guest of Louisville and Kentucky on the occasion of the state-wide conference on the second of the month. Dr. Mott was given a remarkable reception, and in the opening words of his address at the evening dinner, precipitated a volume of cheers and great enthusiasm from the three hundred and fifty people in the spacious auditorium of the Seelbach Hotel.

"We have come out into a new day, a day of citizenship, and we'll follow our President in this great undertaking of reaching out to help the nations of the world," he declared. His expression brought a storm of applause, which grew into loud cheers of enthusiasm. Continuing, Dr. Mott paid a glowing tribute to the hard work, unselfishness and sacrifices of President Wilson. He spoke touchingly of the adverse news from Washington concerning the condition of the chief executive, and asked that he be specially remembered in the prayers of the audience that "God would spare him to the American people in a time when he is so sorely needed."

"I think if he could be here tonight and hear your cheers he would be heartened," Dr. Mott said.

Allies Want Y. M. C. A. in Armies.

In his discourse Dr. Mott disclosed that every one of the allies of the United States, to the number of twenty, have expressed the desire to have the Y. M. C. A. established in their standing armies as a result of the observation of its workings in the American army, and it only remains for the

John R. Mott.

United States Senate, he said, to decide that this country will "try the experiment" of running the army without it. He predicted that it will be an experiment of short duration, and that the "Y" work will be resumed on the old basis before a great while.

Dr. Mott addressed six meetings Thursday, completing a strenuous day, and leaving that night for Cincinnati, reaching Washington City the following Saturday for an important conference.

The luncheon meeting for state secretaries and district chairmen was widely representative of Kentucky, according to the word of State Y. M. C. A. officers, and the dinner meeting in the evening was equally representative of Louisville. The quota of this city in the coming campaign, \$41,000, was announced.

The luncheon was presided over by L. L. Anderson of Louisville, the president of the State Y. M. C. A. and campaign chairman. General Chas. P. Summerall, Commander of the First Division, the famous "Fighting First in France," and new commander of Camp Taylor, was the first speaker of the program and the first appearance of the general as a speaker in Louisville.

"I am no speaker," said General Summerall, "but anyone is able to talk on such a subject as the work of the Y. M. C. A. in the war."

General Summerall spoke eloquently on the great service the Y. M. C. A. rendered, and said in substance:

"The crowning inspiration of the Y. M. C. A. was sending the splendid women, who brought the spirit of the mothers and sisters to the soldiers. They sustained the splendid morale of the army and were a real factor in winning the war."

Mr. P. C. Dix, the State Secretary, made a ringing statement of the actual achievements of the State Y. M. C. A., dwelling upon the results secured by the district scheme of organization. He said there is a Y. M. C. A. secretary competent and experienced in Y. M. C. A. work and a committee back of him, for every ten counties in the state. This plan has been in actual operation for the past two years and is not a piece of imagination as paper plans. The work presented in the State Y. M. C. A. publication, "At It for Seventy-five Years," was a real report of statewide activities that represented the entire state. "Our ma-

ternary," he said, "makes it possible for us to carry a message to every high school in the state in a period of eleven days, and if it were not for some of the places some of you come from, counties that have no railroads in them, we could make it in less time than this." "Now our most timely question is," he continued, "will you make it possible for the State Y. M. C. A. to maintain and extend its scheme of work so as to care for the needs of young men and boys in the small counties of the unorganized fields, or will it be compelled to reduce its organization to such an extent that some other organization will come in whose motive will be other than the religious one."

Following Mr. Dix, Rev. R. T. Nooe of Frankfort eloquently advocated the policy of the Y. M. C. A.'s occupying the entire field and offered a motion to that effect, seconded in an equally earnest and eloquent tone by Glibney Oscar Letcher, an attorney of Henderson. On the call of the campaign director, C. A. Tevebaugh, every district from the "Purchase" to the Big Sandy reported organization and a hearty acceptance of their quota of the statewide objective.

Dr. Mott's Address.

John R. Mott's address was one of the most impressive discourses ever delivered in Louisville. The distinguished American was introduced by Dr. E. Y. Mullins, president of the Southern Baptist Theological Seminary, who, in presenting the guest of honor, called attention to the many conspicuous positions of leadership which Dr. Mott has occupied. Among these were head of the Student Volunteer Movement for years; head of the organization of the International Y. M. C. A.; head of the War Work Council of the Y. M. C. A., and head of the Edinburgh Conference. "Though a layman, Dr. Mott is the outstanding religious figure of the day, because the fire of his spiritual devotion burns so strong and so bright in the midst of a practical life," concluded Dr. Mullins.

Dealing With a New World.

"I remind you that you are dealing with a new world—a shaken, quivering world—a world in which pillars that were deemed pillars of strength and were pointed to with pride, have crumbled to dust at our feet," said Dr. Mott, after a brief preliminary which explained that he had for the past thirty-one years been "cruising" over the world on missions of helpfulness in forty-six countries; that he had visited the war zones of Europe six times during the course of the world war and had traveled 7,000 miles on the eastern front.

Continuing, the speaker said: It is an impoverished world also, for up to six months ago it had cost over 280 billions of dollars; it is an exhausted world both economically and vitally, as demonstrated by the 11,000,000 graves that have been filled because of the struggle; and it is still a sorrowing and suffering world, for in all my six visits to the war zones I spent much of my time in the homes, and not one that I can recall but had been visited once, and often many times, by the dark shadow of death.

The World is "On Its Nerves."

Dr. Mott said that the people everywhere impressed him as being "on their nerves" and in a state of irritability, which is productive of criticism. He declared that it is a wonderful time to live when a whole world is accessible to new ideas. Comparatively speaking, it is an unselfish world too, he said, for although it is not so unselfish as it was a year ago, or two years ago, it is far more unselfish than before the war.

"I had thought that I might see one of two nations plastic, but I never thought to see a whole world molten and plastic as is the world today—but it will set, and set hard in a new mold, and this is the golden opportunity of an organization like the Y. M. C. A., which can render a unique service at this time because of its contact with both capital and labor in the industrial unrest. Its forward looking program in the development of young manhood physically, intellectually and spiritually, can be a determining factor in the molding of the nations, for I have been thrown with the leaders of many of the nations, and none of them are sure that they know the way. Yes, it is a humble world, too, for where is there a nation today which boasts that it knows how to deal with its problems?" he said.

Praises State Y. M. C. A. Work.

"I have been particularly impressed with the plans which have just been laid before you men of Kentucky. I am sure you cannot realize how far reaching this program may be. Because of this, I would like to say that by a peculiar circumstance, I have been able to get a larger view—a setting as it were—on the effect of just what such an enterprise may accomplish; by reason of the fact that I have traveled in every country in the world, have been associated with the peoples and leaders of so many nations, and have watched the virus of Bolshevism, which seeks to cleave the nations into class hatred, spread over Europe and the United States. I would say that you can have no conception of the multiplying possibilities of this program; or of the healing possibilities of its application. It is a pivotal campaign. There will be new energies released. It looks into the successes and visions of the churches."

Army "Y" Men Elected.

The Army Y. M. C. A., attending the conference, about 100 in number, met in the afternoon and organized the Army Y. M. C. A. Club. Harry V. McChesney of Frankfort was elected president; Glibney Oscar Letcher of Henderson, vice president, and J. Darter of Louisville, secretary and treasurer.

ONE COUNTRY, ONE PEOPLE.

The American Legion will hold its National Convention in Minneapolis, November 11, and in its preparations the National Executive Committee has done a pretty thing—several pretty things, indeed, things beautifully in harmony with the finely American spirit it is showing.

It has issued an invitation to the Grand Army of the Republic to join it in its convention, and the Grand Army has accepted. More than that, at the same time it issued an invitation also to the United Confederate Veterans, and the officers of that organization of the men who wore the gray have cordially promised to bring the invitation up at the annual reunion in Atlanta next month. In the same spirit, similar invitations have been issued to the United Spanish War Veterans and the Veterans of Foreign Wars. And, last, but not least, the same invitation has gone to the Canadian Veteran's Army Association, a neighborly act as these other invitations were patriotic acts.

These were pretty things to do and it was like the American Legion to do them.

Puritanic Names.

Faint-not, God-reward, Sarth, Meek, Repentance, Kill-sin, Be faithful, More fruit, Seek-wisdom, Accepted, Return, Hope-for, Weep-not; Fly-debate, and Stand-fast-on-high! Yes, these were all perfectly good front names in Mayflower times. They represent some of the flower of a Puritan jury. But think what an awful time the wives and sweethearts of these gentlemen must have had finding nick-names for them!

Where Blame Lies.

Life starts most of us out with an excellent endowment of strength. It is our own abuse of this strength that brings about our ailments. Life starts most of us out with courage and will. It is our own neglect of these qualities that sets courage and will dwindling. Life starts most of us with very good looks or with looks that are good enough. It is our own neglect of personal care that makes us plain looking.

RELIGIOUS.

The revival meeting which has been in progress at the North Midletown Christian church for several weeks, closed Sunday night with a total of twenty-five additions. Sixteen were baptized Monday night of last week. Evangelist C. W. Caulbert, of Indianapolis, who has been conducting the meeting, left yesterday for Cincinnati, accompanied by Rev. F. M. Tindler, John W. Jones, and others, to attend the session of the National Convention of the Christian church.

Rev. Dr. Robt. King, of Kingsport, Tenn., has been extended a call to the pastorate of the Paris Presbyterian church. The congregation held a meeting Sunday morning following an excellent sermon by Rev. Lander, of Carlisle, and by a unanimous vote, decided to call Dr. King to the charge. A large audience heard Rev. Lander's sermon. He made a statement of the need of a church building at Phelps, Ky. A call for contributions for that cause resulted in offerings of more than

\$500. Capt. Robt. M. Harbeson sang a beautiful solo, "My Redeemer and My Lord."

A force of men was busy yesterday removing the surfacing where large holes had been worn, and preparing for reconstructing a large area of the street surface.

SOME TOBACCO FACTS

By the government report it is shown that Kentucky during 1918, with 475,000 acres, produced 427,500,000 pounds of tobacco, while North Carolina, with 400,000 acres, produced 282,000,000 pounds and Virginia with 190,000 acres, produced 146,300,000 pounds. Before the war between sections Virginia led all States in the production of tobacco, while Kentucky has been first since 1869. The average yield for tobacco for Kentucky was 900 pounds per acre. The price has increased from an average of 8 cents in 1909 to 23 cents.

SUIT FOR DAMAGES

The law firm of Hinton, Bradley & Bradley, of this city, representing S. S. Carrick, administrator of Sam Schooler, colored, deceased, filed suit in the office of Circuit Clerk Wm. H. Webb, against Mr. George Williams Clay, of this city, for damages alleged to have been sustained in an auto accident resulting in the death of Schooler.

The petition alleges that Schooler, who was about fifty years old, was, about a year ago, walking on the Winchester pike, five miles from Paris, on his way to break hemp for a Clark county farmer, at which occupation he was enabled to make from \$30 to \$50 a week, and that through the gross and wilful carelessness and negligence of the defendant Schooler was struck by Mr. Clay's automobile, receiving injuries which resulted in his death in a few moments. Judgment is asked in the sum of \$10,000.

FITZPATRICK WILL CASE T OBE APPEALED.

The will case of the late W. T. Fitzpatrick was heard by County Judge Sneff last week and the first will was accepted for probate. Four wills were offered, but the judge ruled that the first was the only one that was made prior to the time the late Mr. Fitzpatrick was adjudged of unsound mind, and therefore was the one that should stand. The case is attracting wide interest as about \$150,000 is involved. It is understood the case will be appealed to Circuit Court and in all probability carried on to the Court of Appeals. Quite a number of local attorneys and Judge Denis Dundon, of Paris, and Judge E. C. Orear, of Frankfort, are engaged in the case.

RUSSIAN BOLSHIEVIEK PREMIER PLACED UNDER ARREST

LONDON, Oct. 13.—Advises to Helsingfors, Finland, report that Nikolai Lenine, the Russian Bolshevik Premier, has been placed under arrest in Moscow, the Exchange Telegraph correspondent says.

Lenine is said to have ordered the arrest of Leon Trotsky, the Soviet Minister of War, but failed to obtain this and instead was himself taken into custody.

A Reval message, forwarded by the same correspondent, reports a reign of terror against the Bolsheviks in Moscow has been begun by a revolutionary party. In this movement the Bolshevik leader, Jacob Peters, is reported to have been killed.

Special dispatches from Stockholm, September 25, carried a report that Premier Lenine was being kept prisoner in the Kremlin at Moscow and that Commissary Derzhinski was in power and directing the movements of the army.

Jacob Peters has been described in dispatches of correspondents reporting on Russian Affairs as leader of the Red terror in Moscow. Confirmation of recent reports that General Simon Petlura, the Ukrainian military leader, had declared war on General Denikin, the Cossack anti-Bolshevik commander in South Russia, was given by the Ukrainian Diplomatic Mission in London.

Wild Goose Hides Eggs.

The domestic goose is derived from wild species. The pioneer settlers saw their domestic geese run wild in bushes and almost revert to their primitive state. Now, the goose constructs a very pretentious nest on the ground. The eggs are so large and white that they would attract unfriendly notice at a considerable distance. To avoid this dangerous publicity the eggs are carefully covered over when the owner leaves them even for a short time.

CONSTIPATION.

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise, but sometimes a medicine is needed and when that is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter.

World's Debt to the East.

Civilization was born in the East. For ages letters, art, religion flowed westward from Asia. When Europe was a wilderness, peopled only with savage, wandering tribes, learning and government flourished beyond the Dardanelles. From Armenia, Syria and Persia came both the Jewish and the Christian religions, the alphabet and much of science. Long since the tide turned. Civilization among these eastern peoples began to ebb, and they have slipped far back toward their pastoral days.

RED CROSS HUNTS FOR MISSING MEN

THE Home Service sections of the American Red Cross in Ohio, Indiana and Kentucky are helping to locate soldiers who have disappeared since their discharge from military service.

One is Sergt. Russell Irving Viles, discharged June 17 from service with the Motor Transport Corp 813.

Private Harry E. Ross, Co. H, 26th Infantry, First Division, A. E. F., was wounded while serving at Soissons July 19, 1918. Since that time only indefinite reports have reached his mother, Mrs. Clark D. Ross, 4042 Third St., Des Moines, Ia.

Private Joseph Burch Walker of Montegale, Tenn., is believed to be mentally disabled as the result of gas. He was with Co. I, 138th Infantry, and was discharged from Camp Dodge in June.

Private George Nelson, C. E. F., has been missing since February 1, 1919. He is suffering a lapse in memory following shell shock.

Any of these men may be in the Lake Division, ignorant of names and addresses. The Red Cross has been of valuable assistance to the army in finding missing men.

ENORMOUS YIELD OF CORN IS REPORTED.

The country's enormous corn crop has "run unhampered the gauntlet of dangers that faced it during the doubtful days and nights of September, and lays into the lap of mellow October 43,000,000 bushels of ripened ears more than it could promise at the beginning of that month," the department of agriculture commented in issuing the October corn report forecasting 2,900,511,000 bushels.

Practically all of the crop has, or will, mature without frost damage, assuring high feeding value. Husking and cribbing has begun. Blight, scalp and black rust, together with minor ills, brought the good early prospects for spring wheat in the north-central producing section down until the reckoning now shows almost 5,000,000 bushels less than forecast a month ago, the total crop being placed at 203,170,000 bushels.

Barley showed an increase of more than 3,000,000 bushels, while potatoes an increase of 876,000 bushels, buckwheat 802,000 bushels, apples 3,479,000 bushels and beans 1,327,000 bushels.

Reduced forecasts were given for oats of a yield lessened by 5,284,000 bushels, sweet potatoes with a decrease of 907,000 bushels, and tobacco with 950,000 pounds.

INDIGESTION, BILIOUSNESS, CON- STIPATION.

Chamberlain's Tablets have restored to health and happiness hundreds who were afflicted with indigestion, biliousness and constipation. If you are troubled in this way give them a trial. You are certain to be pleased for they will benefit you.

TAKING CENSUS TO REQUIRE 80,000 CLERKS.

The Director of the Census, Hon. Sam L. Rogers, announces that 80,000 enumerators will be needed to take the next census. The work begins on January 2 and will last about two weeks in cities, and a month or more in rural districts. Rates of pay will vary, depending upon the locality and character of the district to be canvassed. The average pay per enumerator at the census of 1910 was about \$70. At this coming census it will probably be not less than \$100.

"Active, intelligent, and reliable men and women, not less than 18 years of age, are needed for this task," said Director Rogers, "and, in a sense, this is a call for volunteers. The importance of a complete and reliable census, especially in these critical times when more than ever before perhaps we need complete data regarding population, conditions, tendencies, and resources, can hardly be over-emphasized. The reorganization of the social and economic structure and the readjustment of international relations necessitated by the War must be based on accurate knowledge if we are to act wisely and deal justly with all classes and all interests. It is hoped, therefore, that public-spirited energetic people throughout the country will volunteer to act as census enumerators even though they may not care for the positions so far as the pay is concerned. I should be sorry to think, and I do not believe, that all our patriotism was used up by the war and none left over for public service in times of peace."

Mr. Jos. W. Morris, Supervisor of the Census for the 7th District of Kentucky, which includes the counties of Bourbon 13, Clark 19, Estill 7, Fayette 34, Franklin 17, Henry 12, Lee 10, Oldham 10, Owen 11, Powell 7, Scott 17, and Woodford 10, states that he will need about 167 enumerators for this district. Applications or requests for application forms should be sent to him on or before October 15. His address is Federal Building, Lexington, Ky. As a test of their fitness for the work applicants will be required to fill out a sample schedule and will be duly notified of the time and place for the test. So far as practicable the place selected will be one which is easily accessible.

MEXICANS WILL FIRE ON AMERICAN FILERS.

EL PASO, TEXAS, Oct. 13.—American aviators flying into Mexico will be fired upon by Mexican troops, according to a message received from Mexico City by El Nacional, a Mexican newspaper at El Paso, which stated that Ignacia Bonillas, Mexican ambassador at Washington, had been instructed to convey this information to the State department.

General M. M. Diegues, commander of the Carranza force in Chihuahua, has not yet been ordered to fire on the American fliers, pending the reply of the United States to Bonillas' communication, it is said. Reports of aviators flying over Mexico have brought many complaints from the federal officials.

Information was received here from General Diegues that six former Villa followers had surrendered to his troops and sought amnesty. Their pardon was granted, it was said.

IOWA PROMOTER BUYS LATE BUCKNER HOME.

MUNFORDVILLE, KY., Oct. 13.—Lycurgus Burns, an Iowa promoter, motoring through Kentucky, came upon Glen Lily, home of the late General Simon Bolivar Buckner.

Struck by the beauty of the valley, he pitched his tent beside the rippling stream and camped for the night, as was his habit when touring. In the morning he called at the Buckner home.

"Beautiful place you have here, ma'am," said he to Mrs. Buckner. "Would you like to sell it?"

"Yes," was the reply.

"How much would you take for it?"

"Thirty thousand dollars."

"Sold," said Mr. Burns.

Glen Lily is one of the noted historic estates of Kentucky. It embraces 700 acres of hills and valleys. Only a short time ago Mrs. Buckner sold a tract of timber on the state for \$10,000.

Mr. Burns was motoring with his wife from Florida, where he had been engaged in reclamation of lands. He bought also the furnishings of the home, including a great quantity of relics and records.

Let Action Follow Thought.

A philosopher once said that there is no value to any thought, no matter how fine or noble, unless it is transformed into action. If you feel uplifted by beautiful music, do something that will tally with your mood, and then the music has been worth while. If you read something that is inspiring, at once do something, no matter how small, that is a little different and a little superior to your routine. The theory applies with equal truth to the reading of books as more than a pastime.—Chicago American.

PAID \$180 FOR TWO CASES OF VINEGAR.

A well-known Ashland business man who is always on the lookout for a deal in which to make a little money, went up against a deal that makes him wonder why all people are not honest. Two men telephoned him that they had a couple of cases of whisky, bottled in bond, the real thing, that they would dispose of at a fair price. They came over in a skiff from Ohio and brought the cases up to the bank. The bottles were inspected. Evidently they had never been opened. The speculator at once paid \$90 a case, or \$180, for the entire lot. It is said he was offered a few minutes later a larger sum, but refused. The skiff was carted away, and the bottles when opened were found to contain a good brand of vinegar.

Talk about adventures!

Men in the Navy come home with the kind of experiences that most chaps read of only in the books.

Here's your chance!

Uncle Sam has, as you know, a big Navy and gives red-blooded young fellows like you an opportunity to step aboard and "shove off".

What will you get out of it?

Just this: A chance to rub elbows with foreign folks in strange parts of the world.

The chance for good honest work on shipboard—the kind of work that teaches you something real; the kind of work that puts

beef on your shoulders and hair on your chest.

You will get 30 care-free vacation days a year, not counting shore leave in home or foreign ports.

You will have the kind of comradeship in travel that sailors know.

You will have regular pay, over and above your meals, lodging and your first uniform outfit—good stuff all of it.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

To any Father and Mother:—

In the Navy your boy's food, health, work and play, and moral welfare are looked after by responsible experts.

R. M. CALDWELL.

—Miss Mary McDaniel entertained a number of her lady friends Friday afternoon in honor of the approaching nuptials of Miss Mary Louise Bruce, who is soon to become the wife of Mr. James Patterson Lall, of Paris.

—The protracted meeting which has been in progress at the Presbyterian church for the past two weeks conducted by Dr. Thacker, closed Sunday night. The meeting was one of the best ever conducted in Millersburg. More than four hundred people signed the pledge cards given out during the meeting, and all of the churches received a number of additions on profession and by letter. Dr. Thacker has a method of his own. His pleas were made through the pledge card system. These cards were given out at every service, and non-church members or those who desired to lead a better life were urged to sign them. His sermons in all of the meetings were logical, practical and oratorical. The good that Dr. Thacker did in Millersburg will be felt long after he has gone from us, and there are none who heard him but who appreciate his work, and wish him pronounced success wherever he may go. The song services were under the direction of Mr. and Mrs. Harry P. Armstrong, who go with Dr. Thacker. They, like him, were zealous in their work and brought out of the singing people of Millersburg, all there was in them. The choir and congregation was so well trained during the time they were with us, and so enthusiastic at every service that their voices rose in song in one grand triumphant unison. Dr. Thacker, Mr. and Mrs. Armstrong left Monday for Danville, where they began another series of meetings Monday night. We trust and pray that their power of doing good may be felt and appreciated there as much as it was in Millersburg.

CLOTHING FOR THE ARMENI- ANS AND SYRIANS.

Following the great world-war, the distress in Armenia and Syria continues unabated, and appeals are constantly coming for aid from America. The cry heard of old in Macedonia, "Help us or we perish!" goes out now as it did then. Thousands of starving and ragged Armenians and Syrians look to America for aid, for food and clothing, and it is not in the hearts of Americans to deny them succor.

In this city the Relief Committee having in charge the Armenian and Syrian relief work, asks for donations of old clothing, suitable for men, women and children. These donations can be left at C. B. Mitchell's store, where they will be received and taken care of. The big drive in the relief of these unfortunate and innocent victims of the cruelties of war will begin tomorrow (Wednesday), October 15. Open your hearts and your purses, and help the Committee in any way you can. Contributions of old clothes are especially desired.
